19V-210

Subject: Federal Cert Label May Have Incorrect Information

Dear Mr. Reisner:

This letter serves to acknowledge Electra Meccanica Vehicles Corp's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

ELECTRO MECCANICA/SOLO/2018

Mfr's Report Date: March 18, 2019

NHTSA Campaign Number: 19V-210

Components:

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 16

Problem Description:

Electra Meccanica Vehicles Corp. (Electra Meccanica) is recalling certain 2018 Solo vehicles. The Federal Certification labels may be missing the tire and rear wheel information and the maximum allowable cargo information. Also, the maximum combined occupant and cargo weight may be incorrectly stated higher than the actual maximum weight allows.

Consequence:

The missing and incorrect information may result in the incorrect tires being installed, or the vehicle being overloaded, both of which can increase the risk of a crash.

Remedy:

Electra Meccanica will notify owners, and dealers will replace the Federal Certification label, free of charge. The recall began April 8, 2019. Owners may contact Electra Meccanica customer service at 1-674-872-4747. Electra Meccanica's number for this recall is 19SC01.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to Electra Meccanica instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Jennifer Kruger who may be reached by phone at (202) 366-2461, or by email at jennifer.kruger@dot.gov. We look forward to working with you.

Sincerely,

Kareem Habib
Acting Chief, Recall Management Division
