NHTSA Office of Defects Investigation

RE: Recall Campaign Number 19V266

To Whom it May Concern

There were thirteen trailers involved in the 19V266 recall. Of these thirteen, three were inspected and remedied by our shops. The remaining 10 were inspected and remedied at our trailer manufacturing plant by a Dexter Axle mobile team. All thirteen were remedied by May 31<sup>st</sup>, and before the trailers were delivered to the dealers.

A handwritten signature in black ink, appearing to read 'Dan Grote', with a long horizontal flourish extending to the right.
