### IMPORTANT SAFETY RECALL

**THIS NOTICE APPLIES TO YOUR VEHICLE, VIN: YV4AC2HL6K777777**

Dear Volvo Owner,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Volvo Car USA LLC (Volvo) on behalf of Volvo Car Group, has decided that a defect which relates to motor vehicle safety exists in certain model year 2016 XC90 vehicles.

#### The reason for Recall R29936:

Volvo has identified that the coolant bleeder hose may degrade over time and crack due to heat and humidity load. This condition can create a coolant leak, and also pose a risk of coolant leaking on the catalytic converter. If the coolant leak goes unnoticed, coolant may accumulate in the catalytic converter heatshield insulation and this might result in a fire in the engine compartment area when the vehicle is stopped or parked.

The corrective action is to replace the engine coolant bleeder hose with an improved part.

***What you need to do:***

Please contact your authorized Volvo retailer for an appointment. The repair procedure will be **performed at no cost** and can take up to 4 hours to complete. **However, the time your Volvo retailer requires to service your vehicle may be slightly longer depending on the vehicle.**

If you had previously paid for this repair to be performed, prior to receiving this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information, please refer to the Volvo Customer Care Center contact information in this letter.

If you no longer own the vehicle described in this letter, please help us to update our records by sending us the updated owner information. Please refer to our contact information below.
