# IMPORTANT SAFETY RECALL

## Power Steering Assist

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain [2017-2019 (RU) Chrysler Pacifica] vehicles.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

#### WHY DOES MY VEHICLE NEED REPAIRS?

The battery ground on your vehicle <sup>[1]</sup> may have been built with a sealer that is used during the wire harness manufacturing process may accumulate on the wire harness tab which may cause a loss of clamp load in the battery ground joint over time. A loose battery ground joint may cause an intermittent battery ground connection possibly resulting in an intermittent loss of power steering assist with inconsistent driver steering effort and/or a loss of motive power. **An intermittent loss of power steering assist may result in an inconsistent driver steering effort, especially during lower speed maneuvers. A loss of motive power could also occur. Either of these conditions may increase the risk of a vehicle crash without prior warning.**

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA will repair your vehicle <sup>[2]</sup> free of charge (parts and labor). To do this, your dealer will disassemble and inspect the suspect ground surfaces, clean the contact surfaces as needed, and reassemble the ground joint to the specified torque. The estimated repair time is one hour. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,  
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

#### WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit [www.fcarecallreimbursement.com](http://www.fcarecallreimbursement.com) to submit your reimbursement request online. <sup>[3]</sup> Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
