Subject: Tire Placard Missing Information

Dear Mr. Mihalick:

This letter serves to acknowledge Airstream, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

AIRSTREAM/BASECAMP/2017-2020

Mfr's Report Date: May 24, 2019

NHTSA Campaign Number: 19V-397

Components:

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 911

Problem Description:

Airstream, Inc. (Airstream) is recalling certain 2017-2020 Basecamp trailers. The Tire Placard is lacking the trailer's spare tire information. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 110, "Tire Selections and Rims."

Consequence:

The lack of information on the Tire Placard may lead an owner to unintentionally install the wrong size spare tire, affecting the vehicle control and handling, increasing the risk of crash.

Remedy:

Airstream will notify owners, and will provide corrected labels, free of charge. The recall is expected to begin July 23, 2019. Owners may contact Airstream customer service at 1-877-596-6505 or 1-937-596-6111 extension 7401 or 7411.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

NHTSA is missing critical, required information for this safety recall. This information must be supplied through the NHTSA Recalls Portal within 5 working days of confirming its accuracy:

- A statement that the defect or noncompliance can cause a vehicle crash without prior warning; or a description of whatever prior warning may occur, and a statement that if this warning is not heeded, a vehicle crash can occur (49 CFR 577.5 (f)(1)).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

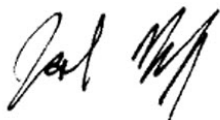

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kristin Lepper who may be reached by phone at 202-366-5227, or by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,

Joshua Neff
Acting Chief, Recall Management Division
Office of Defects Investigations
