Dear Ms. Shute:

This letter serves to acknowledge Chrysler (FCA US LLC)'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

RAM/1500/2019

Mfr's Report Date: June 13, 2019

NHTSA Campaign Number: 19V-448

Components:

TIRES:TEMPORARY/EMERGENCY SPARE TIRE

Potential Number of Units Affected: 27

Problem Description:

Chrysler (FCA US LLC) is recalling certain 2019 Ram 1500 trucks. The spare tire provided may differ in size and required inflation pressure from the information on the tire placard label. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 110, "Tire Selection and Rims."

Consequence:

The driver, referencing the tire placard label, may incorrectly inflate the spare tire, increasing the risk of a crash.

Remedy:

Chrysler has notified owners, and dealers will replace the incorrect size spare tire with the correct size spare tire, free of charge. The recall began June 27, 2019. Owners may contact Chrysler customer service at 1-800-853-1403. Chrysler's number for this recall is V67.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
