This Notice Applies To Your Vehicle, Vehicle Identification Number:

Dear Maserati Customer:

This notification is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Maserati S.p.A. and Maserati North America, Inc. (MNA), have decided that certain 2019 Maserati Levante vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 108, "Lamps, Reflective Devices, and Associated Equipment".

Maserati S.p.A. and MNA have determined that the above-described vehicles were manufactured with the optional full LED headlights with Adaptive Front Lighting System (AFLS) that may not have had the AFLS properly adjusted during the vehicle assembly process. Headlights adjusted above the maximum height allowed under FMVSS No. 108 may impair the vision of drivers of other vehicles, and may increase the risk of a vehicle crash without prior warning.

Your Maserati Dealer will adjust the light beam to the corrected parameters, free of charge. Since your vehicle is among those that may be affected by the above condition, we ask you to contact any Authorized Maserati Dealer in order to arrange for this recall action to be performed to your vehicle. The repair will take approximately 1.0 hour to complete. Please prepare to leave your vehicle with the dealership to allow the dealer to complete your repairs. **Your Authorized Maserati Dealers have the necessary instructions and components to remedy your vehicle.**
