**IMPORTANT SAFETY RECALL**  
**NHTSA Recall Campaign # 19V546**  
**Second Notice**

**This notice applies to your vehicle: 1FM5K7** 

Dear Valued BraunAbility Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

BraunAbility has decided that a defect which relates to motor vehicle safety exists in certain model year 2016-2019 Explorer BraunAbility MXV wheelchair accessible conversions with Tilt n Go seating manufactured from December 11, 2017- June 7, 2019. The electrical circuit which operates the solenoid in the Tilt n Go seats is unprotected from electrical fault or inadvertent switch operation. The Tilt n Go seat switch, when engaged for a prolonged period of time, may degrade the wiring leading to the solenoid increasing the risk of electrical fire. This defect could occur with no warning.

The remedy is to schedule an appointment with your local BraunAbility dealer for repair. The BraunAbility dealer will install a timer which will limit the time the solenoid can be energized. The repair should take approximately one hour. You may call and schedule an appointment with a BraunAbility dealer for repair without charge starting on August 7, 2019.

If you had this remedy performed on your BraunAbility vehicle prior to receiving this letter, you may be eligible to receive reimbursement for the cost of the remedy.
