IMPORTANT SAFETY RECALL **See enclosed VIN list**

Subject: Airliner Suspension Brake Line Clearance

This notice is sent to you in accordance with the requirements of the *National Traffic and Motor Vehicle Safety Act*.

Daimler Trucks North America LLC, on behalf of its Freightliner Trucks Division, has decided that a defect which relates to motor vehicle safety exists on specific Model Year 2019-2020 Cascadia vehicles manufactured June 13, 2018, through July 15, 2019, and equipped with a certain 40K Light Weight Extra Duty Airliner suspension and 51 inch axle spacing configuration.

On certain vehicles, the clearance between the ride height control valve linkage and brake airlines may not be adequate and could lead to contact and chafing of the brake airline. Chafing of the brake airline may lead to an airline leak that may be undetectable during pre-trip inspection and could cause significant damage to the airline, potentially resulting in reduced brake effectiveness, increasing the risk of a vehicle crash.

A bracket will be installed to relocate the height control valve, located on the inside of the right hand frame rail just rear of the forward drive axle, for increased clearance to the brake airline. The airlines will be inspected and replaced as needed. Repairs will be performed by Daimler Trucks North America authorized service facilities.

Please contact an authorized Daimler Trucks North America dealer to arrange to have the Recall performed and to ensure that parts are available at the dealership. To locate an authorized dealer, search online at www.Daimler-TrucksNorthAmerica.com / Contact (scroll to the bottom) / Locate a Dealer (scroll to the bottom). The Recall will take approximately two hours and will be performed at no charge to you. You may also confirm your vehicle's involvement in this recall at this URL: <https://dtna-dlinfo.prd.freightliner.com:48518/VinLookup/vin-module/getVinLookupPage>.

You may be liable for any progressive damage that results from your failure to complete the Recall within a reasonable time after receiving notification.

If you do not own the vehicle that corresponds to the identification number(s) which appears on the Recall Notification, please return the notification to the Warranty Campaigns Department with any information you can furnish that will assist us in locating the present owner. If you have leased this vehicle, Federal law requires that you forward this notice to the lessee within 10 days. If you are a subsequent stage manufacturer, Federal law requires that you forward this notice to your distributors and retail outlets within five working days. If you have paid to have this recall condition corrected prior to this notice, you may be eligible to receive reimbursement. Please see the reverse side of this notice for details.

If you have questions about this Recall, please contact the Warranty Campaigns Department at (800) 547-0712, 7:00 a.m. to 4:00 p.m. Pacific Time, Monday through Friday, e-mail address DTNA.Warranty.Campaigns@Daimler.com. For other concerns, you may contact the Customer Assistance Center at (800) 385-4357. If you are not able to have the defect remedied without charge and within a reasonable time, you may wish to submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE, Washington, DC 20590; or call the Vehicle Safety Hotline at (888) 327-4236 (TTY: 800-424-9153); or go to <http://www.safercar.gov>.

We regret any inconvenience this action may cause but feel certain you understand our interest in motor vehicle safety.
