Dear Dealer:

Harley-Davidson® has learned that certain MY15 and later Touring and CVO Touring motorcycles may fail to conform to regulatory standards when equipped with H-D Detachables™ Tour-Pak Luggage Conversion Kits (part numbers 53000291, 53000291A and 53000567). Installation of these kits on the vehicle models listed in Table 1 at the end of this notice may cause the vehicle to fail to meet regulations that require motorcycles to be equipped with a red reflex reflector on the rear of the motorcycle. The absence of these reflectors could reduce the rear conspicuity of the vehicle, possibly increasing the risk of a crash.

The remedy is to first confirm that the motorcycles are covered by this recall if the H-D Detachables™ Tour-Pak Luggage Conversion Kit is installed. If covered, perform the recommended service per Service Bulletin M1497 using the recall kit (Part No. 91500105). Recall kits may be ordered as needed by following the instructions in the Service Bulletin. Service Bulletin M1497 will be posted the week of August 12.

In the interest of the safety of our mutual customers and as required by federal law, you may sell but NOT DELIVER any motorcycles listed in Table 1 below equipped with the affected H-D Detachables™ Tour-Pak Luggage Conversion Kits or deliver any over the counter H-D Detachables™ Tour-Pak Luggage Conversion Kits until the remedy is completed per the service bulletin.

In accordance with federal regulations administered by NHTSA and other appropriate market specific government agencies, Harley-Davidson Motor Company, Inc. or authorized Harley-Davidson dealers will provide notice to all owners of record of affected products with direction to arrange for the recall service.

Sincerely,
 Harley-Davidson Motor Company, Inc.
