**IMPORTANT SAFETY RECALL 19513**  
**NHTSA RECALL NO. 19V-580**

**OCTOBER 2019**

This notice applies to your vehicle identified on the enclosed card.

Dear IC Bus Customer,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

IC Bus has decided that a defect which relates to motor vehicle safety exists in certain 2020 CE school bus models built 08/30/2018 thru 07/11/2019 and certain 2019 and 2020 RE school bus models built 09/05/2018 thru 07/11/2019 with feature code 48PZP, 48PZR, 48RZY, 48SXV, or 48SZG (Prolo hatch).

**REASON FOR THIS RECALL**

The emergency roof hatch external release handle may break and prevent the hatch release mechanism from being actuated from outside the vehicle. However, failure of the external release handle does not prevent actuation of the release mechanism from inside the vehicle.

**RISK TO MOTOR VEHICLE SAFETY**

A broken handle in the event of an emergency would make it more difficult to access the passenger compartment of the vehicle, which could result in possible injury or death.

**DEFECT REMEDY**

The repair will involve replacement of any external release handle on a hatch found within suspect build date range. Dealers have parts and instructions to repair your vehicle. The repair will be performed free of charge and take approximately 45 minutes to complete.
