**Subaru Safety Recall WUL-97**  
**NHTSA Recall ID 19V-664**  
**October 2019**

**Dear Subaru Owner:**

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

SUBARU OF AMERICA, INC. has decided that a defect, which relates to motor vehicle safety, exists in certain 2020 model year Legacy and Outback vehicles.

You received this notice because our records indicate that you currently own one of these vehicles.

**REASON FOR THIS SAFETY RECALL**

The brake pedal mounting bracket hardware in your vehicle may have an insufficiently tightened or missing bolt. Over time, if this condition exists, the brake pedal mounting area may deform. Deformation of the brake pedal mounting area could reduce braking performance, increasing the risk of a crash.

**WHAT SUBARU WILL DO**

Subaru will inspect the brake pedal mounting bracket hardware in your vehicle at no cost to you. If it is determined that hardware was improperly installed, Subaru will replace the hardware or brake pedal assembly at no cost to you.

***What You Should Do***

You should contact any authorized Subaru retailer (dealer) for an appointment to have this safety recall repair performed, at no cost to you.

**HOW LONG WILL THE REPAIR TAKE?**

The time required for the inspection of the brake pedal mounting bracket hardware is approximately 15 minutes. However, your retailer can provide you with a better estimate of the overall time for this service visit, as it may be necessary to make your vehicle available for a longer period of time. If it is determined that the hardware was improperly installed, your retailer will order the parts that need to be replaced. Upon receipt of the necessary parts, the time required to complete the repair is approximately one hour.

For your convenience, your retailer will provide you with a loaner or rental vehicle, at no cost to you, until the repair is complete.

**OWNER INFORMATION**

Government regulations require that recall notifications be sent to the last known owner of record. That information is based primarily on state registration and title data. If you are a lessor of this vehicle, federal regulations require you to forward this notice to your lessee within ten days.
