## Recall 185 Dealer Best Practice

Date: October 16, 2019

Attn: Dealer Principal/General Manager/Service Manager/Parts Manager

Subject: Recall 185: 2020MY Elantra BALL JOINT FASTENER TORQUE TSB #19-01-032H (Remedy Available)

Updates To This Document	Date
<ul style="list-style-type: none"> <li>Initial Communications: Recall 185: 2020MY Elantra BALL JOINT FASTENER TORQUE TSB #19-01-032H (Remedy Available)</li> </ul>	10/16/19

### \*\*\* Dealer Stock and Retail Vehicles \*\*\*

Dealers must perform this Recall Campaign on all affected vehicles prior to customer retail delivery and whenever an affected vehicle is in the shop for any maintenance or repair.

### Affected Vehicles

Hyundai is conducting a safety recall in the United States to inspect and, if necessary, tighten the lower ball joint attachment fasteners on certain model year 2020 Hyundai Elantra vehicles produced between September 4, 2019 through September 10, 2019 by Hyundai Motor Manufacturing Alabama ("HMMA") in the U.S.

The affected vehicles include:

- Certain 2020MY Elantra (ADa) vehicles produced at Hyundai Motor Manufacturing Alabama (VIN beginning with a "5") from September 4, 2019 through September 10, 2019.

Hyundai is initiating this action to ensure the safety and quality of its vehicles and the continued satisfaction of Hyundai customers.

### Description

The fasteners securing the ball joints to the lower control arms in the subject vehicles may have been insufficiently tightened during assembly, increasing the risk of ball joint detachment from the lower control arm while driving. A detached lower ball joint while driving could increase the risk of a crash.

### Service Action

**Reservation** – Always check the Vehicle Information Screen in WebDCS for open campaigns and recalls, and advise the customer on time requirements.

- Provide customer with transportation options such as an SRC, alternative vehicle, shuttle or rideshare.

**Readiness** – Review this announcement and the accompanying FAQs with all Service and Parts staff including Reservationist/BDC. Also, complete all applicable training, check your reservation capacity settings (you can set separate capacities for every recall/campaign), confirm email addresses for campaign appointments, and that you have all necessary tools, campaign parts and shop equipment as needed.

- Be prepared to put customers in an SRC or alternative transportation if needed.

**Reception** – Always check the Vehicle Information Screen in WebDCS for open campaigns and recalls, and print a copy for technicians. Provide SRC or an alternative vehicle, as needed. If a customer has declined the campaign, note this on the repair order and request the customer's signature next to the statement.

**Repair** – Always plug in the GDS before starting the repair. Make sure to complete an MPI on all vehicles and Quality Control your work.

- The front wheels must be removed to gain access to all of the ball joint fasteners.

**Hyundai**  
Assurance Car Care

- Submit claim on Campaign Claim Entry screen
- If a part is found in need of replacement while performing Recall 185 and the affected part is still under warranty, submit a separate claim using the same Repair Order. If the affected part is out of warranty, submit a Prior Approval Request for goodwill consideration prior to performing the work.

**Return** – Review all completed campaign and repairs to answer any customer questions. Also, schedule the customer's next service

**Reconnect** – Follow up for customer satisfaction.

### Parts

No additional parts are required to complete this recall.

### Customer Notification

Hyundai will begin mailing owner notifications by early December 2019.

Thank you for your prompt attention to this important matter and continued commitment to Hyundai customers.

## Customer FAQ

**Q1: What is the issue?**

**A1:** The fasteners securing the ball joints to the lower control arms in the subject vehicles may have been insufficiently tightened during assembly, increasing the risk of ball joint detachment from the lower control arm while driving.

**Q2: What are the affected vehicles?**

**A2:** Approximately (744) 2020 Hyundai Elantra vehicles produced between September 4, 2019 through September 10, 2019 by Hyundai Motor Manufacturing Alabama ("HMMA") in the U.S.

**Q3: What is the safety concern?**

**A3:** Insufficiently tightened ball joint attachment fasteners could increase the risk of ball joint detachment from the lower control arm while driving. A detached lower ball joint while driving could increase the risk of a crash.

**Q4: Have there been any accidents or injuries?**

**A4:** Hyundai is not aware of any accidents or injuries related to this condition.

**Q5: What will be done during the recall service at the dealer?**

**A5:** Hyundai Motor America plans to notify owners of affected vehicles to return their vehicles to Hyundai dealers to inspect and tighten the ball joint fasteners, if necessary. The procedure will be performed at no charge. Monetary reimbursement to owners for prior related repairs will be made available in accordance with the plan submitted to the agency on May 16, 2018.

**Q4: When will owners be notified?**

**A4:** Hyundai will begin mailing owner notifications by early December 2019.
