Subject: Seat Belt Webbing May Detach From Anchor

Dear Ms. Williams:

This letter serves to acknowledge Ford Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FORD/EDGE/2019

Mfr's Report Date: October 25, 2019

NHTSA Campaign Number: 19V-766

Components:

SEAT BELTS:FRONT:ANCHORAGE
SEAT BELTS:FRONT:WEBBING
SEAT BELTS:PRETENSIONER

Potential Number of Units Affected: 366

Problem Description:

Ford Motor Company (Ford) is recalling certain 2019 Edge vehicles. The driver-side seat belt pretensioner anchor may have been improperly crimped, possibly resulting in the seat belt webbing detaching from the anchor in the event of a crash.

Consequence:

In the event of a crash, seat belt webbing that detaches from the anchor will not properly restrain the driver, increasing their risk of injury.

Remedy:

Ford has notified owners, and dealers will inspect and, if necessary, replace the driver's side pretensioner assembly, free of charge. The recall began November 12, 2019. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 19S37.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

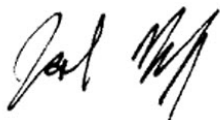

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be DeMara Magruder who may be reached by phone at (202) 366-8538, or by email at demara.magruder@dot.gov. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Josh Neff".
