 Customer Services

November, 2019

- A remedy is available for your vehicle.
- Schedule an appointment with your authorized Mercedes-Benz dealer as soon as possible.
- This remedy will be provided free of charge.

2019100018

Dear Mercedes-Benz Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has decided that a defect, which relates to motor vehicle safety exists in certain Model Year ("MY") 2019 SL-Class. Our records indicate that your vehicle is included in the affected population of vehicles.

What is the CONCERN?

MBAG has determined that on certain MY 2019 SL-class vehicles (231 platform), the mounting point of the left side beam on the rear axle carrier might not meet current production specification. Due to a deviation in the production process at the supplier, a manufacturing defect might have been introduced during the casting process in the area of the front left mounting point. If this occurred, the load capacity of this bolt connection might be impaired. Over time, this might lead to a failure of the front left bolt connection, which would result in significant knocking noise emanating from the rear axle. If the vehicle continues to be driven in this condition, it is possible that the remaining three bolt connections could also fail, thereby affecting vehicle handling, and increase the risk of a crash.

What will your DEALER DO?

An authorized Mercedes-Benz dealer will check the front left bolt connection of the rear axle carrier on the affected vehicles. Should the bolt connection be found to be defective, your dealer will inform MBUSA who will contact you directly to offer a repurchase of the vehicle. **This service will be provided free of charge.** We are dedicated to always delivering the best customer experience, and respect for your time is a top priority. While the minimum repair time can be up to **1.0 hour**, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time.

What should YOU DO?

To find the most convenient authorized Mercedes-Benz dealer from your smartphone, scan the QR code to the left.

For additional information and to schedule an appointment, please contact your preferred authorized Mercedes-Benz dealer at your earliest convenience. To locate authorized dealers see www.mbusa.com/recall. **Please mention you are scheduling an appointment to check the front left bolt connection of the rear axle carrier under Recall Campaign #2019100018.**

You may be asked for your 17-digit Vehicle Identification Number (VIN) which for your convenience is located above your name at the top of this letter.

Information for Owners

In the event that you are no longer the vehicle owner, or have had a change of address, please complete the reverse side and return the updated information in the enclosed envelope.

If this is a leased vehicle and the lessor and registered owner receive this notice, please forward this information by first class mail to the lessee within 10 business days to comply with Federal Regulations.

A VIN-based recall lookup tool on our MBUSA.com website now offers a search feature that will indicate whether a vehicle has been subject to a safety recall, and whether that vehicle has had the free remedy performed. See www.mbusa.com/recall. Should you have any questions or encounter any difficulty regarding this Recall Campaign, please contact an authorized Mercedes-Benz dealer. If for any reason a dealer is unable to remedy your situation, we are always happy to hear from you. Please contact us at 1-(800) FOR-MERCEDES (1-800-367-6372).

If an authorized Mercedes-Benz dealer for any reason is unable to remedy the situation without charge, or within a reasonable amount of time, pursuant to law 49 U.S.C. Chapter 301, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590 or call the toll-free Auto Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153); or go to <http://www.safercar.gov>.

We apologize for any inconvenience this situation may cause you.

Sincerely,

Mercedes-Benz USA, LLC
