IMPORTANT SAFETY RECALL See enclosed VIN list

Subject: Western Star Vent Windows

This notice is sent to you in accordance with the requirements of the *National Traffic and Motor Vehicle Safety Act*.

Daimler Trucks North America LLC (DTNA), on behalf of its wholly owned subsidiary Western Star Truck Sales, Inc., has decided that a defect which relates to motor vehicle safety exists on specific Model Year 2015-2020 Western Star 4900 and 5700 model vehicles manufactured January 2, 2015, through October 18, 2019, and built with sleeper cabs.

Due to adhesive failure on certain windows, the sleeper cab vent windows, located on the driver and passenger side sleeper walls, may separate at the shock that holds the window open. A vent window separating from the vehicle while in motion could lead to road debris, increasing the risk of a road hazard, which could lead to a crash or personal injury.

The replacement parts have been secured and the final repair is ready. The vent windows will be replaced. The new windows will have a mechanical fastener instead of adhesive. To minimize the safety risk until the corrective action has been implemented, **it is strongly recommended that the vent windows are shut and fastened securely whenever the vehicle is in motion.**

Repairs will be performed by Daimler Trucks North America authorized service facilities. At this time, please contact an authorized Daimler Trucks North America dealer to arrange to have the Recall performed and to ensure that parts are available at the dealership. To locate an authorized dealer, search online at www.Daimler-TrucksNorthAmerica.com / Contact (scroll to the bottom) / Locate a Dealer (scroll to the bottom).
