Subject: Incorrect Brake Modulator Valve Installed

Dear Mr. Imundo:

This letter serves to acknowledge Navistar, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

INTERNATIONAL/HV/2020

Mfr's Report Date: November 21, 2019

NHTSA Campaign Number: 19V-838

Components:

SERVICE BRAKES, AIR:SUPPLY:QUICK RELEASE VALVE

Potential Number of Units Affected: 3

Problem Description:

Navistar, Inc. (Navistar) is recalling certain 2020 International HV 6X4 vehicles. The vehicles were built with a non-Quick Release Modulator Valve (NQRMV) instead of a Quick Release Modulator Valve (QRMV), which may affect the brake release time. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 121, "Air Brake Systems."

Consequence:

A longer time required to exhaust the brake chambers could increase the risk of a brake or tire fire.

Remedy:

Navistar will notify owners, and dealers will replace the NQRMV with a QRMV, free of charge. The recall is expected to begin January 20, 2020. Owners may contact Navistar customer service at 1-800-448-7825. Navistar's number for this recall is 19519.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

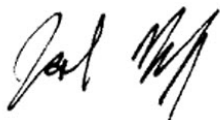

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at (202) 366-1060, or by email at michelle.rice@dot.gov. We look forward to working with you.

Sincerely,

Joshua Neff
