## SAFETY RECALL 19TA20 (*Interim Notice 19TB20*)

### Certain 2020 Model Year Supra Vehicles Headlamp(s) May Become Inoperative

Model / Years	Production Period	Approximate Total Vehicles	Approximate Stop Sale Dealer Inventory
2020 Supra	Mid-July 2019 – Late August 2019	180	60

**STOP! DO NOT SELL NEW VEHICLES IN DEALER INVENTORY.**

*Refer to Dealer Inventory Procedures section for more details.*

On November 27, 2019, BMW filed a Defect Information Report (DIR) with the National Highway Traffic Safety Administration (NHTSA) informing the agency of its intent to conduct a voluntary Safety Recall on certain 2020 model year Supra vehicles.

#### Condition

Certain left and/or right headlamp(s) may experience a loss of function. If a loss of function to the left and/or right headlamp occurred, this would affect headlamp illumination and turn-signal function. Driving without a turn signal or with both headlamps disabled could increase the risk of a crash.

#### Remedy

Toyota is currently preparing the remedy. The remedy, when available, will involve replacing the affected headlamp control unit **FREE OF CHARGE**.

#### Covered Vehicles

There are approximately 180 vehicles covered by this Safety Recall. Also, there were no vehicles distributed to Puerto Rico covered by this Safety Recall.

**Owner Letter Mailing Date**

Toyota will notify owners by late January 2020.

*Toyota makes significant effort to obtain current customer name and address information from each state through industry resources when mailing owner letters. In the event your dealership receives a notice for a vehicle that was sold prior to the Safety Recall announcement, it is the dealership's responsibility to forward the owner letter to the customer who purchased the vehicle.*

Please note that only owners of the covered vehicles will be notified. If you are contacted by an owner who has not yet received a notification, please **verify eligibility by confirming through TIS**.

## Dealer Inventory Procedures

**New Vehicles in Dealership Inventory**

There are approximately 60 vehicles in new dealer inventory as of November 27, 2019.

Under Title 49, Section 30112 of the United States Code, a dealer cannot sell, offer for sale, or introduce or deliver for introduction in interstate commerce a new motor vehicle when it is aware that the vehicle does not comply with an applicable Federal Motor Vehicle Safety Standard or contains a defect related to motor vehicle safety. Further, 49 Code of Federal Regulations §577.13 requires us to provide the following advisory: It is a violation of Federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied.

Toyota reimburses dealers for flooring costs associated with new vehicles held in dealership inventory until the recall remedy becomes available. Toyota provides these flooring reimbursements at 60 day intervals. Toyota reserves the right to withhold or charge-back any flooring reimbursement funds that may have been paid to the dealer if it determines that a new vehicle subject to a safety recall was sold without first being remedied.

Vehicle Safety Recall completion should always be verified through TIS. We request your assistance to ensure involved vehicles are identified and not delivered prior to performing the remedy.

**NOTE:**

- *New vehicles in dealer inventory subject to a Safety Recall must be remedied before delivery into commerce under a sale or lease. Dealer-to-dealer trades as well as vehicle sales between dealers should not be made until a vehicle is remedied.*
- Dealers can identify if any of their new and used inventory has any open campaigns in the Vehicle Inventory Summary available in Dealer Daily (**Non SET and GST dealers:** <https://dealerdaily.toyota.com/>). The Vehicle Inventory Summary may take up to 4 hours to populate information for newly launched campaigns.

**Inspection Reminder Mirror Hang Tags for Covered Vehicles in New Dealer Stock**

To easily recognize vehicles involved in this Safety Recall, each dealership should utilize Inspection Reminder Hang Tags. Inside the vehicle's glove box are stickers containing the VIN. Apply one of these stickers to the hang tag and install the hang tag in the vehicle. A sample copy of the Inspection Reminder Hang Tag has been included for your reference.

NOTE: Dealerships can order hang tags from the Material Distribution Center (MDC).

Part Number	Description	Quantity
00411-140003	Inspection Mirror Hang Tag	25 Per Pack

**Pre-Owned Vehicles in Dealer Inventory**

Toyota typically requests that dealers **NOT** deliver any pre-owned vehicles in dealer inventory that are covered by a Safety Recall unless the defect has been remedied. In this case, until remedy parts are available, delivery of a pre-owned vehicle is acceptable if disclosed to the customer that the vehicle is involved in this Safety Recall and that the remedy is currently being prepared by Toyota.

Toyota expects dealers to use the attached Customer Contact and Vehicle Disclosure Form to obtain vehicle buyer information. Dealers are expected to provide a copy of the completed form, along with the most current FAQ, to the vehicle buyer. Toyota and the dealer may use this information to contact the customer when the remedy becomes available.

Keep the completed form on file at the dealership and send a copy to [quality\\_compliance@toyota.com](mailto:quality_compliance@toyota.com). In the subject line of the email, state "Disclosure Form 19TA20" and include the VIN.

**NOTE:** Dealers can identify if any of their new and used inventory has any open campaigns in the Vehicle Inventory Summary available in Dealer Daily (**Non SET and GST dealers:** <https://dealerdaily.toyota.com/>). The Vehicle Inventory Summary may take up to 4 hours to populate information for newly launched campaigns.

**Toyota Certified Used Vehicle (TCUV)**

The TCUV policy prohibits the certification of any vehicle with an outstanding Safety Recall, Special Service Campaign, or Limited Service Campaign. Thus, no affected units are to be designated, sold, or delivered as a TCUV until all applicable Safety Recalls, Special Service Campaigns, and Limited Service Campaigns have been completed on that vehicle.

**Toyota Rent-A-Car (TRAC) & Service Loaners**

Toyota requests that dealers remove all TRAC and Service Loaner vehicles from service that are covered by a Safety Recall unless the defect has been remedied.

## Customer Handling

### Customer Contacts

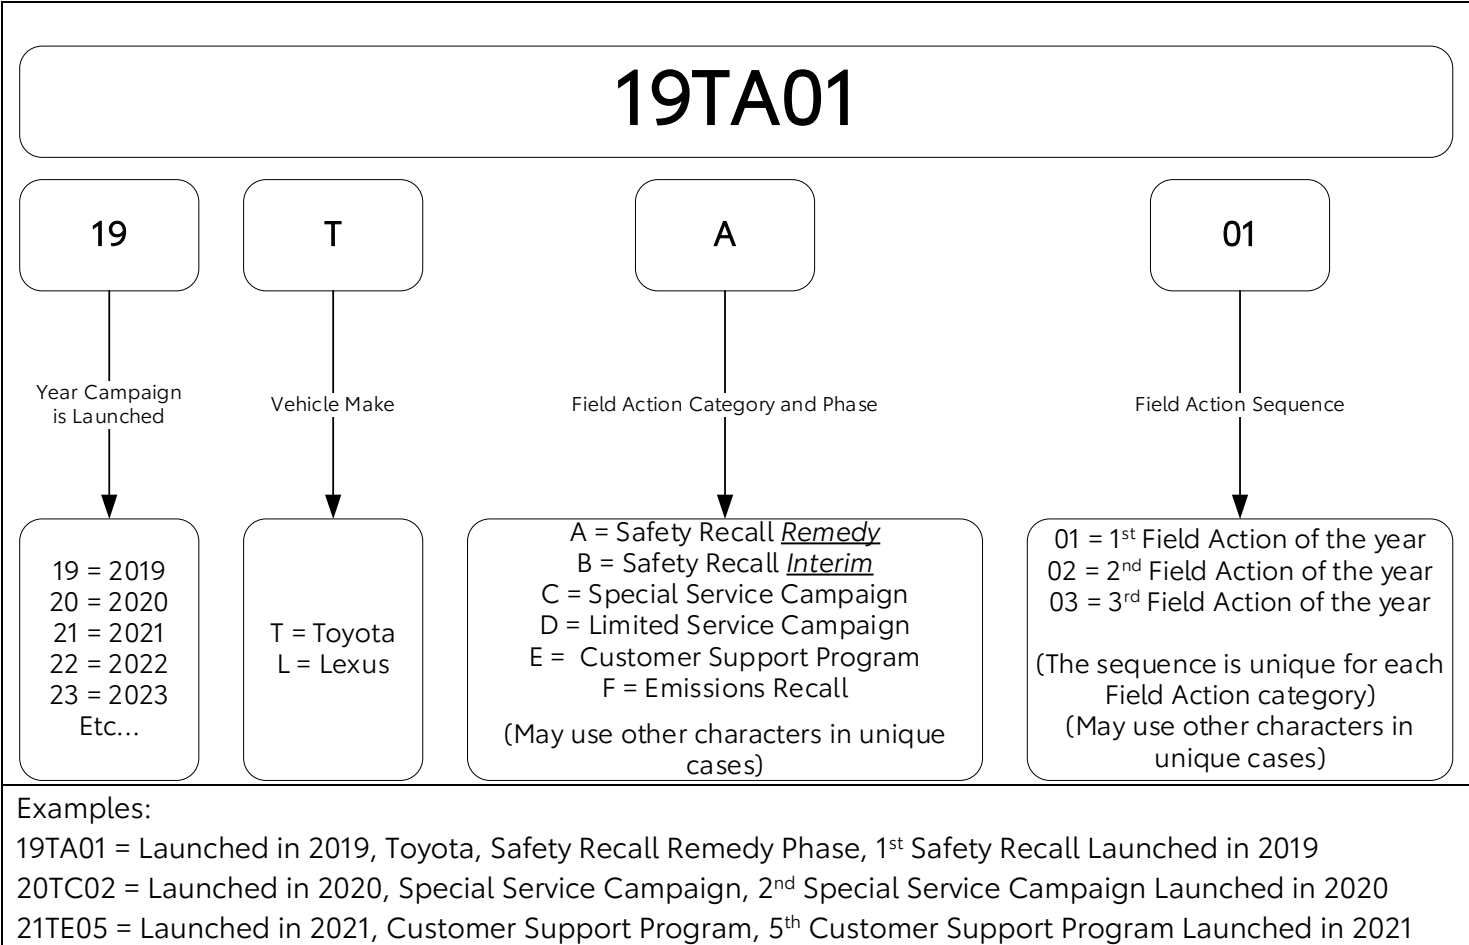

Customers who receive the owner letter may contact your dealership with questions regarding the letter and/or the Safety Recall. Please welcome them to your dealership and answer any questions that they may have. A Q&A is provided to assure a consistent message is communicated.

Customers with additional questions or concerns are asked to please contact the Toyota Customer Experience Center (1-888-270-9371) - Monday through Friday, 7:00 am to 7:00 pm, Saturday 7:00 am to 4:30 pm Central Time.

### Media Contacts

It is imperative that all media contacts (local and national) receive a consistent message. In this regard, all media contacts must be directed to Tania Saldana (859) 815-9968 in Toyota Corporate Communications. Please do not provide this number to customers. Please provide this contact only to media.

**Campaign Designation / Phase Decoder**

*Please review this entire package with your Service and Parts staff to familiarize them with the proper step-by-step procedures required to implement this Safety Recall.*

Thank you for your cooperation.  
 TOYOTA MOTOR SALES, U.S.A., INC.

## SAFETY RECALL 19TA20 (*Interim Notice 19TB20*)

Certain 2020 Model Year Supra Vehicles  
Headlamp(s) May Become Inoperative

### Frequently Asked Questions

Original Publication Date: November 27, 2019

**Q1:** *What is the condition?*

A1: Certain left and/or right headlamp(s) may experience a loss of function. If a loss of function to the left and/or right headlamp occurred, this would affect headlamp illumination and turn-signal function. If a loss of function to the left and/or right headlamps occurred, this would affect headlamp illumination and turn signal function. Driving without a turn signal or with both headlamps disabled could increase the risk of a crash.

**Q2:** *Are there any warnings prior to the occurrence of this condition?*

A2: No. However, if you notice that the illumination of a headlamp is affected, or that your turn signal is not working properly, your vehicle may be experiencing this condition. A message will be displayed in the instrument cluster and you may notice a faster clicking sound than is typically heard when engaging the turn signal.

#### Example of Message Displayed by the Instrument Cluster

**Note:** This example depicts the message that is displayed if the left headlamp is affected by the condition. The actual message displayed by your vehicle may be different depending upon which headlamp(s) is/are affected.

**Q3: *What is Toyota going to do?***

A3: Toyota is currently preparing the remedy. When the remedy is available, Toyota will send an owner notification by first class mail advising owners to make an appointment with their authorized Toyota dealer to have the affected headlamp control unit replaced **FREE OF CHARGE**.

**Q4: *Which and how many vehicles are covered by this Safety Recall?***

A4: There are approximately 180 vehicles covered by this Safety Recall.

Model Name	Model Year	Production Period
Supra	2020	Mid-July 2019 – Late August 2019

**Q4a: *Are there any other Lexus/Toyota/Scion vehicles covered by this Safety Recall in the U.S.?***

A4a: No, there are no other Lexus/Toyota/Scion vehicles covered by this Safety Recall.

**Q5: *What if I have additional questions or concerns?***

A5: If you have additional questions or concerns, please contact the Toyota Customer Experience Center at 1-888-270-9371 Monday through Friday, 7:00 am to 7:00 pm, Saturday 7:00 am to 4:30 pm Central Time.
