

Subarunet Announcement

To: All Subaru Retailers

From: Subaru of America, Inc.

Date: January 31, 2020

Owner Notification Schedule: Recalls WUV07 & WUW08 and Service Campaign WUU06

Owner notification letters for Safety Recalls WUV-07 (Ascent CVT Chain Slip) and WUW-08 (Ascent, Forester and Crosstrek PHEV PCV Valve Cracking) will be mailing today, **Friday, January 31**. In addition, given that a large number of these VINs are also affected by Service Campaign WUU-06 (Ascent, Legacy & Outback ECU Reprogramming for DTC C1424) owner notifications for this campaign will also be mailing **today**.

In addition to these notifications, please be advised the following will occur:

- January 31 – MySubaru alerts customers of these recalls & campaigns
- February 3 – Recalls & campaigns appear in Care Connect communications and both SOA-approved online schedulers – Schedule Connect and the Subaru-approved version of Xtime. If you need assistance with configuration, please contact your CCAM (CareConnect Account Manager) or DPC (Xtime Dealer Performance Consultant).
