## **IMPORTANT SAFETY RECALL 20E-077**

Dear SL1 LED Bulb Owner:

This notice is sent to you in accordance with the requirements of the National Highway Traffic and Motor Vehicle Safety Act.

Diode Dynamics has determined that certain SL1 LED replacement headlight bulbs sold by it (Model Numbers DD0215P, DD0216P, DD0217P, DD0218P, DD0219P, DD0323P, and DD0340P) fail to conform with Federal Motor Vehicle Safety (FMVSS) Standard No. 108 "Lamps, Reflective Devices, and Associated Equipment." The bulbs exceed limitations on luminous flux set forth in the standard and may cause increased or excessive glare for oncoming drivers, increasing the risk of a crash.

As a remedy, Diode Dynamics is offering to replace the SL1 LED bulbs with halogen bulbs which comply with the requirements of FMVSS 108, free of charge. To obtain replacement bulbs, please go to: [www.diodedynamics.com/recall](http://www.diodedynamics.com/recall) and fill out the recall form located there. You will be required to provide a receipt or other proof of purchase at the time you submit the form. The form and proof of purchase can be submitted electronically, or you may print the form out and submit the information via mail to the address provided there. When the replacement bulbs are mailed to you, you will also be sent a prepaid label so that you may return the SL1 LED bulbs to Diode Dynamics in the same box in which the replacement bulbs are sent to you.

We regret any inconvenience this may cause you. If Diode Dynamics fails to provide the replacement bulbs, without charge to you, within a reasonable time after you submit a recall form, you may submit a written complaint to: Administrator, National Highway Traffic Safety Administration, 400 7th St., SW, Washington, DC 20590, or call 1-888-327.4236. Thank you for your attention to this important recall.
