**Components:**  
AIR BAGS

**Potential Number of Units Affected:** 7

**Problem Description:**

Volkswagen Group of America, Inc. (Volkswagen) is recalling certain 2018 Atlas vehicles. The vehicles may be equipped with an incorrectly manufactured air bag sensor, which can delay or disable air bag deployment when necessary.

Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect.
