Country	Beginning Model Year	Ending Model Year	Vehicle									
USA	2018	2018	ATLAS									
			What is the safety concern for Safety Recall 69AL?	In a crash, it is possible that frontal airbag deployment may be delayed (or the frontal airbags may not deploy at all) due to potentially mis-built airbag crash sensors. This can increase the risk of injury to vehicle occupants in a crash.								
			What is the repair for Safety Recall 69AL?	Your authorized Volkswagen dealer will replace the airbag crash sensors.								
			When will the repair for Safety Recall 69AL be available?	Parts are available now and repairs have begun. Please contact your local Volkswagen Dealership to schedule an appointment. If you are not familiar with one, please click here to locate a Volkswagen Dealer near you.								
			Are there any precautions I should take because my vehicle is part of Safety Recall 69AL?	The airbag warning light will come on if an airbag crash sensor failure is detected. Customers are advised: Do not ignore an illuminated airbag warning light. Contact an authorized Volkswagen dealer without delay and arrange to have the vehicle inspected/serviced.
