Re: Recall NHTSA 20V090 - Loss of Stability Control and Anti-Lock Brakes

On February 14, 2020, MBUSA submitted a Safety Defect and Non-Compliance Information Report, in accordance with 49 C.F.R Part 573.6, affecting (6,517) 2019-2020 Mercedes-Benz G-Class vehicles (463 platform), accepted under NHTSA Recall No. 20V090. (217) vehicles from the affected vehicle subject to the recall was identified to be within MBUSA's possession and will be repaired prior to entering the stream of commerce. Changes will be made on total number of units potentially involved and descriptive information to reflect vehicle population adjusted from 6,517 to 6,300 vehicles.

As such, MBUSA will not mail an owner notification letter for (217) vehicles from the affected vehicle subject to the recall.
