This notice applies to your Hyundai, VIN: XXXXXXXXXXXXXXXXXXXX

Dear <FirstName LastName,>

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that certain 2020 Sonata vehicles produced by Hyundai Motor Manufacturing Alabama (“HMMA”) fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) number 110, “Tire Selection and Rims.” Hyundai is initiating this action to ensure the safety and compliance of its vehicles and the continued satisfaction of Hyundai customers. Our records indicate that your vehicle is affected.

What is the problem?

The tire size specifications set forth in the owner’s manual and tire pressure label inside the driver’s door may indicate incorrect values for the sidewall aspect ratio, resulting in a failure to comply with Federal Motor Vehicle Safety Standard (“FMVSS”) number 110, “Tire Selection and Rims.” Incorrect tire size specifications could lead to the installation of the wrong size tires, increasing the risk of a crash.

What will Hyundai do?

Your Hyundai dealer will install new label stickers over the affected areas of the tire pressure label and owner’s manual. This procedure will be performed at **NO CHARGE** to you.

What should you do?

Please contact your nearest Hyundai dealer to schedule the recall repair as soon as possible.

The actual time required to perform the installation may take up to one hour, however your vehicle may be needed longer, therefore we recommend scheduling a service appointment to minimize inconvenience.

If you have other questions

If you require further assistance, you may contact the Hyundai Customer Care Center at 1-855-371-9460.
