Mfr's Report Date: March 18, 2020

NHTSA Campaign Number: 20V-157

Components:

TIRES

Potential Number of Units Affected: 54

Problem Description:

Daimler Vans USA, LLC (DVUSA) is recalling certain 2019 Mercedes-Benz Sprinter and Freightliner Sprinter vehicles equipped with winter tires. The tires may not have been correctly installed, possibly resulting in reduced traction in wet or snowy conditions.

Consequence:

A reduction in traction may result in a loss of vehicle control, increasing the risk of a crash.

Remedy:

DVUSA will notify owners, and Mercedes-Benz or Freightliner Sprinter dealers will inspect the running direction of the tires, correcting them as necessary. If the thread wear is uneven, the tires will be replaced. All services will be performed free of charge. The recall is expected to begin May 1, 2020. Owners may contact DVUSA customer service at 1-877-762-8267. DVUSA's number for this recall is VS3LAUFRI.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at (202) 366-1060, or by email at michelle.rice@dot.gov. We look forward to working with you.

Sincerely,
