Get access to recall notifications, locate your nearest dealer, and more through this website or Mopar Owner's Companion App. You will be asked to provide your Vehicle Identification Number (VIN) to protect and verify your identity. The last eight characters of your VIN are provided above.

#### DEALERSHIP INSTRUCTIONS

Please reference Safety Recall W22.

# IMPORTANT SAFETY RECALL

## Front Axle Differential

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US has decided that a defect, which relates to motor vehicle safety, exists in certain [2019 Model Year (WK) Jeep® Grand Cherokee and 2019 Model Year (WD) Dodge Durango] vehicles equipped with a 3.6L engine and four-wheel drive single speed transfer case.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

#### WHY DOES MY VEHICLE NEED REPAIRS?

The front axle differential on your vehicle <sup>[1]</sup> may have been assembled with pinion gears that are not hardened. This may result in the teeth of the gears wearing off, which can cause a loss of engagement between the pinion gears and the side gears. If both pinion gears have their teeth sufficiently worn off, torque cannot be transferred between the front wheels and the driveline. Because the single speed transfer case differential is open, the wheels rotate freely which results in a loss of motive power while the vehicle is in motion and a loss of the PARK function while stationary. In some circumstances, prior to a loss of motive power and/or inadvertent vehicle movement, the operator may notice a gear whine or a grinding noise. **A loss of motive power or a loss of PARK function can cause a vehicle crash without prior warning and/or injury to others outside the vehicle.**

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US will repair your vehicle <sup>[2]</sup> free of charge (parts and labor). To do this, your dealer will replace the front axle differential. The estimated repair time is two hours. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,  
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

#### WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit [www.fcarecallreimbursement.com](https://www.fcarecallreimbursement.com) to submit your reimbursement request online. <sup>[3]</sup> Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
