June 3, 2020

Mr. Adrian Diaz
Assistant Engineering Director Automotive Safety Office
Ford Motor Company
330 Town Center Drive
Suite 500/5024
Dearborn, MI 48126

NEF-150DM
20V-306

Subject: Front Facing Camera Improperly Calibrated

Dear Mr. Diaz:

This letter serves to acknowledge Ford Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FORD/MUSTANG/2020

Mfr's Report Date: May 27, 2020

NHTSA Campaign Number: 20V-306

Components:

ELECTRICAL SYSTEM: SOFTWARE

FORWARD COLLISION AVOIDANCE: SENSING SYSTEM: CAMERA

Potential Number of Units Affected: 24

Problem Description:

Ford Motor Company (Ford) is recalling certain 2020 Mustang vehicles equipped with a forward-looking camera. The camera may be misaligned to the vehicle and features that are dependent on the camera such as Pre-Collision Assist, Adaptive Cruise Control, Lane Keeping System, Driver Alert, and Auto High Beam Control may not function as intended.

Consequence:

If the driver is unaware that the Pre-Collision Assist feature is not operating effectively, they may rely on a system that is not functional, increasing the risk of a crash or injury.

Remedy:

Ford will notify owners, and dealers will perform the Lane Departure Warning System camera alignment procedure, free of charge. This recall is expected to begin June 15, 2020. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 20S26.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Ford's proposed owner notification letter and have approved it for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be DeMara Magruder who may be reached by phone at (202) 366-8538, or by email at demara.magruder@dot.gov. We look forward to working with you.

Sincerely,

Joshua Neff
Chief, Recall Management Division
