| Subject | Safety Recall / Fuel Pump Motor Parts Retention | | | | | | |

BACKGROUND

On May 29, 2020, American Honda launched several Safety Recall service bulletins to replace the fuel pump motor.

ACTION

For dealers experiencing a strong fuel smell from storing a fuel pump motor replaced under the Service Bulletins listed below, the fuel pump motor may be disposed of immediately in accordance with local regulations. This only applies to the fuel pump motor replaced under this Service Bulletin. The published retention policy remains in effect for all other parts.
