Safety Recall N459: Door Will Not Close

**Vehicles Affected: Land Rover Range Rover Sport, Range Rover
Model Year: 2016**

National Highway Traffic Safety Administration (NHTSA) Recall Number: 20V-325

Dear Land Rover Owner:

This notice is sent to you in accordance with the *National Traffic and Motor Vehicle Safety Act*. Land Rover has decided that a defect relating to motor vehicle safety exists in certain 2016 model year Land Rover Range Rover Sport and Range Rover vehicles.

Your vehicle is included in this Recall action.

Land Rover records indicate your vehicle has previously been subject to a repair under Safety Recall N336, *Door Will Not Latch*. On some vehicles that had received N336 repairs, Land Rover has determined from data analysis that not all steps of the repair process were completed successfully. After Safety Recall N336 was completed, some customers have reported a door is unlatched when in the closed position and no indication provided of an unlatched condition.

Vehicle doors not latched in either the primary or secondary state may, during driving, open. This can increase the risk of a vehicle crash or compromise the safety of vehicle occupants.

What is the reason for this program?

After completion of Safety Recall N336, the front left and/or rear left doors of affected vehicles can become unlatched, without alerting the driver, and potentially open when the vehicle is in motion.

Vehicle doors that are not latched may, open during driving. This can increase the risk of a vehicle crash or injury to vehicle occupants.

What will Land Rover and your authorized Land Rover Retailer do?

Land Rover is carrying out a recall of the vehicles mentioned above. An authorized retailer will install software that will disable the Unilatch Keyless Vehicle entry function on the vehicle. After the latest software update is applied, a check of the Keyless Vehicle entry function mechanism on the left front and rear door latches will be completed to determine if the mechanism freely operates. If free operation is not detected, the malfunctioning door latch assembly will be replaced with a new latch.

There will be no charge for this repair under this program.

What should you do?

Please contact your preferred authorized Land Rover retailer and provide them with your Vehicle Identification Number (VIN) and request a service date to complete the work required under Program Code 'N459'.

Attention Leasing Agencies: If you are a vehicle lessor, Federal Regulations require you to forward this notice to your lessee within TEN (10) days.

How long will it take?

The work will be carried out as quickly and efficiently as possible to minimize inconvenience to customers and is expected to take approximately two (2) hours, although your retailer may need your vehicle for a longer time. Your retailer can provide you with a better estimate of the overall time for the service visit.

What if I have previously paid for this concern?

If you have already paid for this concern before the date of this letter, Land Rover is offering a refund. In order to qualify for a refund, please provide your authorized Land Rover retailer with the original paid receipt.

To avoid delays, please do not send the receipt to Jaguar Land Rover North America.

Moved or no longer own this Land Rover vehicle?

If you are no longer the owner of this vehicle, Land Rover would greatly appreciate the name and address of the new owner, using the Information Change Form enclosed.

What should you do if you have further questions?

If you have any questions or concerns, please contact the Service Manager at your authorized Land Rover retailer for assistance. If you have any queries or concerns that your local Retailer cannot address, please contact the Land Rover Customer Relationship Centre at 1-800-637-6837, **Option 9**, and one of our representatives will be happy to assist you.
