Mfr's Report Date: June 9, 2020

NHTSA Campaign Number: 20V-337

Components:

VISIBILITY:GLASS, SIDE/REAR

Potential Number of Units Affected: 449

Problem Description:

Jayco, Inc. (Jayco) is recalling certain 2020 Motorized Alante, Greyhawk, Melbourne, Precept, Redhawk, Seneca, Accolade, Emblem, Esteem, Odyssey, Qwest, and Vision recreational vehicles. The adhesive bond between the glass and the metal hinge frame of the frameless crank out vent and egress windows may fail which would then allow the glass to detach and fall out.

Consequence:

If the window glass detaches while the vehicle is moving it could become a projectile, increasing the risk of injury or a crash.

Remedy:

Jayco will notify owners, and dealers will inspect the frameless windows for proper adhesive bond strength, replacing the windows as necessary, free of charge. This recall is expected to begin June 15, 2020. Owners may contact Jayco customer service at 1-800-517-9137. Jayco's number for this recall is 9901508.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Jayco's proposed owner notification letter and have approved it for distribution.

Please be reminded of the following requirements:

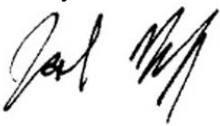

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kristin Lepper who may be reached by phone at 202-366-5227, or by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,
