Subject: Leveling Jacks May Deploy Unexpectedly

Dear Mr. Becker:

This letter serves to acknowledge Forest River, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FOREST RIVER/FR3/2021

Mfr's Report Date: June 19, 2020

NHTSA Campaign Number: 20V-361

Components:

ELECTRICAL SYSTEM:WIRING

Potential Number of Units Affected: 62

Problem Description:

Forest River, Inc. (Forest River) is recalling certain 2021 FR3 recreational vehicles built on a Ford chassis with a V8 engine. The wiring harness may have an incorrect wire connected to the parking brake, allowing the leveling jacks to deploy inadvertently while the vehicle is in motion.

Consequence:

If the leveling jacks deploy while the vehicle is in motion, it can cause loss of vehicle control, increasing the risk of a crash.

Remedy:

Forest River will notify owners, and dealers will correct the wiring harness, free of charge. This recall is expected to begin July 29, 2020. Owners may contact Forest River customer service at 1-574-206-7600. Forest River's number for this recall is 68-1178.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

NHTSA has reviewed and approved Forest River's proposed owner letter for distribution.

Please be reminded of the following requirements:

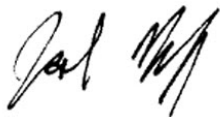

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kristin Lepper who may be reached by phone at 202-366-5227, or by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,

Joshua Neff
Chief, Recall Management Division
