Subject: Certification Label Incorrect/FMVSS 110, 567

Dear Ms. Lovett:

This letter serves to acknowledge Xtreme Outdoors's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

XTREME OUTDOORS/LITTLE GUY MINI MAX/2020

Mfr's Report Date: July 30, 2020

NHTSA Campaign Number: 20V-448

Components:

TIRES

Potential Number of Units Affected: 145

Problem Description:

Xtreme Outdoors (Xtreme) is recalling certain 2020 Little Guy Mini Max Trailers. The curb weight, Gross Vehicle Weight Rating (GVWR) and Cargo Carrying Capacity (CCC) are understated on the certification label, affecting how well the trailer may be towed. As such, these trailers fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 110, "Tire selection and Rims" and 49 CFR part 567, "Certification."

Consequence:

There is a risk that the trailer may exceed the towing capacity of the tow vehicle, increasing the risk of a vehicle crash.

Remedy:

Xtreme will notify owners, and dealers will send new certification labels for all trailers affected by this recall, free of charge. Unsold units that are outside Xtreme Outdoors control will also be issued new paperwork with the correct information. The recall is expected to begin September 7, 2020. Owners may contact Xtreme customer service at 1-888-469-9688.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

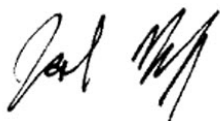

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at (202) 366-1060, or by email at michelle.rice@dot.gov. We look forward to working with you.

Sincerely,
