Get access to recall notifications, locate your nearest dealer, and more through this website or Mopar Owner's Companion App. You will be asked to provide your Vehicle Identification Number (VIN) to protect and verify your identity. The last eight characters of your VIN are provided above.

#### DEALERSHIP INSTRUCTIONS

Please reference Safety Recall W58.

# IMPORTANT SAFETY RECALL

## Loss of Crankshaft Position

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US has decided that a defect, which relates to motor vehicle safety, exists in certain [2014 through 2018 Model Year (DS) Ram 1500 Pickup and 2014 through 2018 Model Year (WK) Jeep® Grand Cherokee] vehicles.

#### WHY DOES MY VEHICLE NEED REPAIRS?

The magnetic material attached to the tone wheel on your vehicle <sup>[1]</sup> provides a signal to the crankshaft position sensor. If this signal material is lost, the engine loses its ability to synchronize injector pulses and cam timing. This loss of crankshaft position can result in an engine stall, as well as loss of the ability to restart the engine. **A loss of motive power can cause a vehicle crash without prior warning.**

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

Your vehicle is now included in safety recall W58, Loss of Crankshaft Position. Our records indicate that you recently elected to participate in emissions recall V08 or V11. By getting V08 or V11 completed, your vehicle is now also repaired for W58. Safety recall W58 provides the same safety benefit as W68, Tone Wheel Replacement.

W58 has been marked complete for your vehicle and there is no further action required by you on this matter.

In the unlikely event that your tone wheel should fail, FCA US has recently extended the warranty period to cover the cost of tone wheel replacement.

**TO SCHEDULE YOUR FREE REPAIR,  
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

#### CALIFORNIA RESIDENTS

The State of California requires the completion of emission recall repairs prior to vehicle registration renewal. Your dealer will provide you with a Vehicle Emission Recall Proof of Correction Form after the Emission Recall service is performed. Be sure to save this form since the California Department of Motor Vehicles may require that you supply it as proof that the Emission Recall has been performed.

#### WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit [www.fcarecallreimbursement.com](http://www.fcarecallreimbursement.com) to submit your reimbursement request online. <sup>[3]</sup> Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
