Subject: Compliance Recall 94N7 - Driver Headlight Aim

Dear Volkswagen Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Volkswagen has decided that certain 2020-2021 Volkswagen vehicles fail to conform to FMVSS 108, *Lamps, Reflective Devices, and Associated Equipment*. Our records show that you are the owner of a vehicle affected by this action.

What is the issue? The driver side headlight may have been aimed too low during vehicle production. This makes the headlight noncompliant with FMVSS 108, Lamps, Reflective Devices, and Associated Equipment. A headlight that is incorrectly aimed can reduce driver visibility, increasing the risk of a crash.

What will we do? To correct this noncompliance, your authorized Volkswagen dealer will adjust the driver side headlight aim to meet regulatory requirements. This work will take about an hour to complete and will be performed for you free of charge. Please keep in mind that your dealer may need additional time for the preparation of the repair, as well as to accommodate their daily workshop schedule.

What should you do? Please contact your authorized Volkswagen dealer without delay to schedule this recall repair. To set up an appointment online, please visit www.vw.com/find-a-dealer.

Lease vehicles and address changes If you are the lessor and registered owner of the vehicle identified in this action, the law requires you to forward this letter immediately via first-class mail to the lessee within ten (10) days of receipt. If you have changed your address or sold the vehicle, please fill out the enclosed prepaid Owner Reply card and mail it to us so we can update our records.

Can we assist you further? If your authorized Volkswagen dealer fails or is unable to complete this work free of charge within a reasonable time, or if you should have any questions about this communication, please reach out to us using your preferred method of communication at www.vw.com/contact or by calling us at 800-893-5298.
