

IMPORTANT SAFETY RECALL

October 2020

This notice applies to your vehicle, **VIN:** _____

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Isuzu Motors Limited has decided that a defect which relates to motor vehicle safety exists in certain 2018 - 2021 model year Chevrolet 6500XD Low Cab Forward vehicles built before August 14, 2020. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

IMPORTANT

- Your vehicle is involved in GM recall N202316700.
- Schedule an appointment with your Chevrolet dealer.
- This service will be performed for you at **no charge**.

Why is your vehicle being recalled?

In the affected vehicles, the ground cable connecting the starter motor to the vehicle frame may break at the starter-side eyelet, which can result in an engine no-crank or slow-crank condition, causing the vehicle not to start. If the driver attempts to repeatedly start the engine after the cable has broken or holds key in the start position for an extended period of time, electrical current will flow through the steel braiding of the power steering hose, rather than through the broken cable, generating heat within the power steering hose. Enough generated heat may potentially damage or rupture the power steering hose. If the power steering hose ruptures, power steering fluid may leak onto a hot engine or exhaust surface increasing the risk of a fire.

What will we do?

Your Chevrolet dealer will replace the ground cable in all affected vehicles and will inspect the power steering hose for any damage. The power steering hose will be replaced if the ground cable was broken or if the power steering hose is bulging/swelling or leaking. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual inspection and service correction time of approximately one hour and five minutes.

What should you do?

You should contact your Chevrolet dealer to arrange a service appointment as soon as possible.

Did you already pay for this repair?

Even though you may have previously had repairs for this condition, you will still need to take your vehicle to your dealer for additional repairs. If you have already paid for repairs for the recall condition,

please complete the enclosed reimbursement form and present it to your dealer with all required documents. Working with your dealer will expedite your request, however, if this is not convenient, you may mail the completed reimbursement form and all required documents to Reimbursement Department, PO Box 33170, Detroit, MI 48232-5170.

Do you have questions?

If you have any questions or concerns that your dealer is unable to resolve, please contact the General Motors Medium Duty Truck Customer Assistance Center at 1-800-862-4389.

If after contacting your dealer and the Customer Assistance Center, you are still not satisfied we have done our best to remedy this condition without charge and within a reasonable time, you may wish to write the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590, or call the toll-free Vehicle Safety Hotline at 1.888.327.4236 (TTY 1.800.424.9153), or go to <http://www.safercar.gov>. The National Highway Traffic Safety Administration Campaign ID Number for this recall is 20V554.

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.
