This notice applies to your Genesis vehicle, VIN: XXXXXXXXXXXXXXXXXXXX

Dear <FirstName LastName,>

This notice is sent to you in accordance with the National Traffic Safety Act. Genesis has decided that a defect which relates to motor vehicle safety exists in certain model year 2021 Genesis G70 built between March 31, 2020 and July 20, 2020 by Hyundai Motor Company ("HMC") for sale in the U.S. market.

You have received this notice because our records, which are based primarily on state registration and title data, indicate that you are the current owner.

What is the condition?

The low pressure fuel pump assemblies in the subject vehicles may have been produced with burrs on the jet nozzle that could obstruct fuel flow to the engine. If the engine does not receive adequate fuel, the vehicle could stall. A vehicle stall could increase the risk of a crash, especially at high speeds.

What will Genesis do?

Your Genesis dealer will inspect the vehicle and if necessary, replace the fuel pump assembly jet nozzle housing in your Genesis vehicle at **NO CHARGE** to you.

What should you do?

Please contact your nearest Genesis dealer to schedule the recall repair as soon as possible.

We recommend scheduling a service appointment to minimize inconvenience. You may arrange in advance for a Service Courtesy vehicle using Service Valet should you require alternate transportation during the service period. The actual time required to perform the repair **is less than one hour**, however your vehicle may be needed longer.
