Potential Number of Units Affected: 1,087

Problem Description:

Jaguar Land Rover North America, LLC (Land Rover) is recalling certain 2020-2021 Range Rover Sport vehicles equipped with 19-inch wheels. The tire inflation pressure label and the tire placard label state the incorrect tire pressures for the vehicle. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 110, "Tire Selection and Rims."

Consequence:

Failure to inflate tires to the correct pressure could lead to loss of vehicle stability and control, increasing the risk of a crash.

Remedy:

Land Rover will notify owners, and dealers will apply the correct labels, free of charge. The recall is expected to begin November 13, 2020. Owners may contact Land Rover customer service at 1-800-369-1000. Land Rover's number for this recall is N491.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.
