Non-Compliance Recall N491: Incorrect Tire Placard and Tire Pressure Label

**Vehicles Affected: Land Rover Range Rover Sport
Model Year: 2020-2021**

National Highway Traffic Safety Administration (NHTSA) Recall Number: 20V-586

Dear Range Rover Sport Owner:

This notice is sent to you in accordance with the *National Traffic and Motor Vehicle Safety Act*. Land Rover has decided that certain Land Rover 2020-2021 model year Land Rover Range Rover Sport vehicles fitted with 19 inch wheels fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) number 110 - "Tire Selection and Rims for Passenger Cars".

Your vehicle is included in this Recall action.

What is the reason for this program?

A concern has been identified on certain 2020 and 2021 Model Year Range Rover Sport vehicles fitted with 19 inch wheels where the tire inflation pressure label and the tire placard label states the incorrect tire pressures for the vehicle.

Where the tire inflation pressure label and the tire placard label does not include the correct tire pressure information, the customer may inflate the tire to an incorrect pressure. Failure to inflate tires to the correct pressure could lead to loss of vehicle stability and increase the risk of a crash.

Vehicles in this condition will not meet the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 110, "Tire Selection and Rims for Passenger Cars".

What will Land Rover and your authorized Land Rover Retailer do?

Land Rover is carrying out a recall of the vehicles mentioned above. An authorized Land Rover retailer will replace the labels with correct ones.

There will be no charge for this repair under this program.

What should you do?

Please contact your preferred authorized Land Rover retailer and provide them with your Vehicle Identification Number (VIN) and request a service date to complete the work required under Program Code 'N491'.

Please refer to your owner handbook or the Instrument cluster display for the correct tire pressure values for your vehicle.

Your retailer can provide you with a better estimate of the overall time for the service visit.
