Mfr's Report Date: October 2, 2020

NHTSA Campaign Number: 20V-606

Components:

SUSPENSION:REAR:AXLE:NON-POWERED AXLE ASSEMBLY
TIRES

Potential Number of Units Affected: 10

Problem Description:

Keystone RV Company (Keystone) is recalling certain 2020 Hideout 290LHS recreational trailers. These vehicles were incorrectly built with 3500 pound axles and ST205/75R14D tires and rims rather than the 4400 pound axles and ST225/75R15D tires and rims as specified on the Federal Identification Tag.

Consequence:

The incorrect axle, tires and rims can result in the operator overloading the trailer, increasing the risk of a crash.

Remedy:

Keystone will notify owners, and dealers will replace the incorrect axle, tires, and rims with 4400 pound axles, ST225/75R15D tires and matching rims, free of charge. The recall is expected to begin November 27, 2020. Owners may contact Keystone customer service at 1-866-425-4369. Keystone's number for this recall is 20-388.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

NHTSA has reviewed and approved Keystone's proposed owner letter for distribution.

Please be reminded of the following requirements:

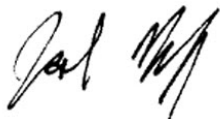

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
