SAFETY RECALL N499: Rear Spoiler Outer Surface Retention

**Vehicles Affected: Land Rover Range Rover Sport
Model Year: 2010-2011**

National Highway Traffic Safety Administration (NHTSA) Recall Number: 20V-623

Dear Land Rover Owner:

This notice is sent to you in accordance with the *National Traffic and Motor Vehicle Safety Act*. Land Rover has decided that a defect which relates to motor vehicle safety exists in certain 2010-2011 model year Land Range Rover Sport vehicles.

Your vehicle is included in this Recall action.

You should have received a letter advising you of this issue and that we did not have sufficient supply of the necessary parts to repair your vehicle at that time. We now have this available.

What is the reason for this program?

The upper cover of the rear spoiler may delaminate and could possibly detach from the main body of the rear spoiler. Detailed technical investigations by Jaguar Land Rover revealed there is variability in the assembly of the rear spoilers and on some vehicles, the adhesive bond may break down.

Should the upper rear spoiler cover detach from the main body of the rear spoiler while the vehicle is in motion, there is an unreasonable risk to safety. The upper rear spoiler cover could become an obstacle in the road for other road users and could increase the risk of a crash.

What will Land Rover and your authorized Land Rover Retailer do?

Land Rover is carrying out a recall of the vehicles mentioned above. An authorized Land Rover retailer will inspect the spoiler assembly and, if the spoiler has not begun to delaminate, apply a new specification adhesive to fully secure the upper spoiler cover to the main spoiler body. For vehicles where the outer surface of the rear spoiler has already detached and has been lost or damaged, a new rear spoiler will be installed.

If your vehicle is fitted with an aftermarket, non-Land Rover supplied rear spoiler that was installed as a prior repair for the concern detailed in this recall, Land Rover will replace that spoiler with a new Land Rover part at no cost to you.

There will be no charge for this repair under this program.

What if I have previously paid for this concern?

If you have already paid for this concern before the date of this letter, Land Rover is offering a refund. To qualify for a refund, please provide your authorized Land Rover retailer with the original paid receipt.

Reimbursement for eligible prior repairs can only be made after this recall repair procedure is completed and closed.

To avoid delays, please do not send the receipt to Jaguar Land Rover North America.

What should you do?

Please contact your preferred authorized Land Rover retailer and provide them with your Vehicle Identification Number (VIN) and request a service date to complete the work required under Program Code 'N499'.

Attention Leasing Agencies: If you are a vehicle lessor, Federal Regulations require you to forward this notice to your lessee within TEN (10) days.

How long will it take?

The work will be carried out as quickly and efficiently as possible to minimize inconvenience to customers and is expected to take approximately one (1) hour, although your retailer may need your vehicle for a longer time. Your retailer can provide you with a better estimate of the overall time for the service visit.

Moved or no longer own this Land Rover vehicle?

If you are no longer the owner of this vehicle, Land Rover would greatly appreciate the name and address of the new owner using the Information Change Form enclosed.

What should you do if you have further questions?

If you have any questions or concerns regarding this Program, please contact the Service Manager at your authorized Land Rover retailer for assistance. If you have any queries or concerns that your local Retailer cannot address, please contact the Land Rover Customer Relationship Centre at 1-800-637-6837, **Option 9**, and one of our representatives will be happy to assist you.
