Dear Mercedes-Benz Sprinter Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2020 Sprinter vehicles. Our records indicate that your vehicle is included in the affected population of vehicles.

What is the CONCERN?

MBAG has determined that on certain Mercedes-Benz Sprinter vehicles, the brake hoses on the front and rear axles may have been damaged during production. In that event, over time and as the material ages, the hose could begin to leak brake fluid, affecting the braking performance of the vehicle, including the potential loss of directional stability when braking, thereby increasing the risk of a crash.

What will your DEALER DO?

An authorized Mercedes-Benz dealer will check the condition of the brake hoses on the rear and front axle and replace them as needed. **This service will be provided free of charge.** We are dedicated to always delivering the best customer experience, and respect for your time is a top priority. While the minimum repair time can be up to **approximately 3 hours**, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz Sprinter dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time.

What should YOU DO?

To find the most convenient authorized Mercedes-Benz dealer from your smartphone, scan the QR code to the left.

For additional information and to schedule an appointment, please contact your preferred authorized Mercedes-Benz dealer at your earliest convenience.
