EQUIPMENT:RECREATIONAL VEHICLE/TRAILER

**Potential Number of Units Affected:** 165

**Problem Description:**

Jayco, Inc. (Jayco) is recalling certain 2021 Vision, Emblem, Vision XL, Alante, Precept, and Precept Prestige recreational vehicles, equipped with a Power Bedlift System. The bedlift motor may fail due to internal gear failure, causing the overhead bunk bed to release from the stowed position.

**Consequence:**

If the bed releases unexpectedly from the stowed position while moving, it could contact the driver and possibly block their vision, increasing the risk of a crash and injury.

**Remedy:**

Jayco will notify owners, and dealers will replace the bed motor, free of charge. The recall is expected to begin November 30, 2020. Owners may contact Jayco customer service at 1-617-776-0344. Jayco's number for this recall is 9903525.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
