NHTSA RECALL 20V-681

IMPORTANT SAFETY RECALL

THIS NOTICE APPLIES TO YOUR VEHICLE, VIN: YV1RS61T999999999

Dear Volvo Owner,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Volvo Car USA LLC (Volvo) on behalf of Volvo Car Group, has decided that a defect which relates to motor vehicle safety exists in certain model year 2001-2003 S60 and S80 Series vehicles.

What is the reason for this second notification for Recall R10058?

Volvo Cars investigations has identified a problem regarding the driver air bag. In the event of a crash where the driver air bag is activated, the driver might be struck by metal fragments from inside the inflator potentially resulting in serious injury or death.

In January 2021, a notice was mailed to inform you that Volvo has decided that a defect which relates to motor vehicle safety exists in certain 2001-2003 model year S60 vehicles, and that replacement parts needed to perform the final repair were not available. **This notice is being sent to inform you that these parts are now available. Due to supply limitations, the color of the replacement airbag will only be available in gray.**

What should you do now?

The corrective action is to replace the front driver air bag with a new air bag, free of charge.

Please contact your authorized Volvo retailer to schedule an appointment. This procedure will be completed at no cost and can take up to one hour to complete, however due to service scheduling your Volvo retailer may require your vehicle for a longer period.

If you no longer own the vehicle described in this letter, please help us to update our records by sending us the updated owner information. If you still own the vehicle and it is inoperable, we would still like to hear from you so we can remove/replace the existing airbag with a new airbag, at no cost to you. Please refer to our contact information in this letter.
