Dear Mercedes-Benz Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has decided that certain Model Year ("MY") 2019 A-Class vehicles fail to conform to Federal Motor Vehicle Safety Standard ("FMVSS") 110 (*Tire Selection and Rims*). Our records indicate that your vehicle is included in the affected population of vehicles.

What is the CONCERN?

On certain Model Year ("MY") 2019 A-Class vehicles, certain required information labels may not have been installed and as a result, may not conform to the requirements of FMVSS 110. If the vehicle is missing the tire pressure label on the B-pillar or on the fuel filler flap as required by FMVSS 110, information relating to vehicle loading and maximum tire inflation pressure would not be readily available to the driver. If the driver were to inflate the tires to an incorrect tire pressure, the tires could become overloaded, potentially increasing the risk of a crash.

What will your DEALER DO?

An authorized Mercedes-Benz dealer will check the affected vehicles for the appropriate tire pressure labels and apply them, if necessary. **This service will be provided free of charge.** We are dedicated to always delivering the best customer experience, and respect for your time is a top priority. While the minimum repair time can be less than **30 minutes**, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time.

What should YOU DO?

To find the most convenient authorized Mercedes-Benz dealer from your smartphone, scan the QR code to the left.

For additional information and to schedule an appointment, please contact your preferred authorized Mercedes-Benz dealer at your earliest convenience. To locate authorized dealers see www.MBUSA.com/recall. **Please mention you are scheduling an appointment to check for the appropriate tire pressure labels and apply, if necessary under Recall Campaign # 2021020019.** You may be asked for your 17-digit Vehicle Identification Number (VIN) which for your convenience is located above your name at the top of this letter.

Impacts from COVID-19: Your health and safety remain our top priority. The Mercedes-Benz dealerships remaining open for recall repairs and service are closely following the guidelines set forth by the CDC. **Free Mobile Repair** at your home or business as well as vehicle pick-up and delivery may be available. Your preferred authorized Mercedes-Benz dealer can confirm availability.
