SAFETY RECALL N523: Aftermarket Seatbelts Incorrect Service Part Number

Vehicles Affected: Land Rover Range Rover Evoque

Model Year: 2020

National Highway Traffic Safety Administration (NHTSA) Recall Number: 20V-793

Dear Land Rover Range Rover Evoque Owner:

This notice is sent to you in accordance with the *National Traffic and Motor Vehicle Safety Act*. Land Rover has determined that a defect which relates to motor vehicle safety exists in certain 2020 model year Land Rover Range Rover Evoque vehicles.

You should have received a letter previously advising you of this Recall and that we did not have adequate parts to perform repairs. We now have the necessary parts in stock

Your vehicle is included in this Recall action.

What is the reason for this program?

Certain Land Rover Range Rover Evoque vehicles have received an in-service replacement of the second-row seatbelt assembly that is a different specification to that intended for the vehicle. Passengers occupying the second-row seats would not, in the event of a vehicle crash, be fully protected and may suffer injuries worse than expected.

What will Land Rover and your authorized Land Rover Retailer do?

Land Rover is carrying out a recall of the vehicles mentioned above to inspect the second row left and right seatbelt assemblies to make sure it is the correct specification. If necessary, the retailer will replace the second row left and/or right seatbelt assembly with the correct specification.

There will be no charge for this repair under this program.

What if I have previously paid for this concern?

If you have already paid for this concern before the date of this letter, Land Rover is offering a refund. In order to qualify for a refund, please provide your authorized Land Rover retailer with the original paid receipt.

To avoid delays, please do not send the receipt to Jaguar Land Rover North America.

Please contact your preferred authorized Land Rover retailer and provide them with your Vehicle Identification Number (VIN) and request a service date to complete the work required under Program Code 'N523'.

Your retailer can provide you with a better estimate of the overall time for the service visit.
