Safety Recall Notice - Thule Tepui Hybox #901100, Thule Tepui Hybox Wedge #901110, Tepui Hybox #8001HB103 and #8001HB112, and Tepui Hybox Wedge #8001HB203

Today, in partnership with National Highway Traffic Safety Administration (NHTSA) and Health Canada, Thule is issuing a voluntary recall of Thule Tepui Hybox, Thule Tepui Hybox Wedge, Tepui Hybox Black, Tepui Hybox White, and Tepui Hybox Wedge rooftop tents with a manufactured date between January 2018 through April 2021, as a precautionary action. Unfortunately, we have identified a defect with the identified rooftop tents where, when exposed to certain environmental and driving conditions, there is a risk of the tent becoming partly or fully detached from the vehicle's roof, which could cause a vehicle crash or injure nearby pedestrians.

Please note that no other Thule products are affected by the recall.

Consumers should immediately stop using the product and visit the link below to find more information and to register for a full refund or replacement tent.
