Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

**Mfr's Report Date:** August 12, 2021

**NHTSA Campaign Number:** 21E-074

**Components:**

AIR BAGS:SIDE/WINDOW:CURTAIN

AIR BAGS:SIDE/WINDOW:CURTAIN:INFLATOR

**Potential Number of Units Affected:** 2,247

**Problem Description:**

Chrysler (FCA US, LLC) is recalling certain Mopar right and left-side Crew Cab, Quad Cab, Mega Cab, and Standard Cab side air bag inflatable curtains (SABIC) sold as replacement parts. Please see the part 573 report for a list of affected part numbers. The SABIC inflator end cap may detach from the inflator, or the inflator sidewall may rupture.

**Consequence:**

A separated inflator end cap or inflator rupture can allow compressed gas to escape, resulting in the end cap or other components being propelled towards a person, or into a vehicle, increasing the risk of injury or crash.

**Remedy:**

Dealers will inspect and replace as necessary, the SABIC assemblies, free of charge. Owner notification letters are expected to be mailed October 1, 2021. Owners may contact FCA US, LLC customer service at 1-800-853-1403. FCA US, LLC's number for this recall is Y56.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
