**Subject:** Propane Regulator May Fail and Cause Fire

Dear Eric Brumbaugh:

This letter serves to acknowledge UFP Distribution LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

WIC RV REG/MODEL 6020 PROPANE REG/9999

**Mfr's Report Date:** September 14, 2021

**NHTSA Campaign Number:** 21E-086

**Components:**

EQUIPMENT:RECREATIONAL VEHICLE/TRAILER:LPG SYSTEMS

**Potential Number of Units Affected:** 283

**Problem Description:**

UFP Distribution LLC (UFPI) is recalling certain WIC RV REG, Model 6020 Change Over Regulators, with part numbers 2004188 and 2004202. These regulators may fail, causing an increase in propane pressure.

**Consequence:**

Increased propane pressure can enlarge the flames in gas appliances, increasing the risk of a fire.

**Remedy:**

UFPI will provide a pre-paid shipping label to return the regulator, and issue a full refund. Owner notification letters are expected to be mailed September 25, 2021. Owners may contact UFPI customer service at 1-574-266-3603.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

We have received UFPI's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

UFP Distribution LLC's contact for this recall will be Kristin Lepper who may be reached by email at [kristin.lepper@dot.gov](mailto:kristin.lepper@dot.gov). We look forward to working with you.

Sincerely,

Alex Ansley  
Chief, Recall Management Division  
Office of Defects Investigation  
Enforcement
