This notice applies to your Hyundai, VIN:

Dear

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that a defect, which relates to motor vehicle safety, exists in certain 2021 Elantra, 2020 – 2021 Santa Fe, and 2021 Sonata vehicles in the U.S. and Canada. This includes your vehicle, with the VIN shown above. Hyundai is initiating this safety recall to repair a condition involving the windshield assemblies.

The purpose of this letter is to explain what the recall is about and to keep you informed of Hyundai's recall implementation plan. We are currently preparing to implement the safety recall remedy which when available, will be performed at no cost to you. We will send you another notification when the remedy is available.

What is the problem?

The subject vehicles may have been assembled with non-conforming clear coat paint which could lead to inadequate adhesion of the front windshield to the vehicle structure. A windshield that is not adequately retained may detach in a crash, which could increase the risk of an injury.

What should you do in the interim?

We appreciate your patience. Hyundai is currently preparing to implement the recall remedy. You will receive a second notification letter when the remedy is available. For updated information regarding this recall, please visit:
