Recall notice issued to:

[REDACTED]

Vehicle information:

VIN [REDACTED]

2021 RAM 1500 SLT QUAD CAB 4X4

Recall information: Y14/NHTSA 21V-037

Visit recalls.mopar.com for more information or call the FCA US Recall Team at
[1-800-853-1403](tel:1-800-853-1403).

Details of the Recall

The brake clip which retains the master cylinder push rod to the brake pedal on your vehicle may be missing. A vehicle built without the clip could allow the master cylinder push rod to disconnect from the brake pedal pin, separating the brake pedal from the brake system. A disconnected master cylinder push rod results in the driver being unable to apply the service brakes using the brake pedal, which can cause a vehicle crash without prior warning. The parking brake function is unaffected.

FCA US recommends that owners DO NOT DRIVE their vehicles until they receive instructions on how to have their vehicle inspected, and repaired if necessary.

How do I schedule my **FREE** repair?

- ◆ Simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
